REFERENCES

BGRM-22807, dated 24 January 1962

1. Transmitted for your information are copies of the following material:

Attachment A - Article from CAMLET-1's newspaper, reporting in a sensational manner on an alleged rift between Ulbricht and the Kremlin.

Attachment B - Report on the same subject, received from CAMLET-1 the day prior to the newspaper article.

Attachment C - The Bonn Base Reports Officer's write-up of Attachment B in the form of BHM-1395 (now cancelled - see below).

2. Originally, it had been the intention here to process the BHM through Reports channels even after it was discovered that CAMLET-1 had in the meantime exploited it in his newspaper. The rationale had been that the article cannot be equated with a write-up of the report itself. It has now been decided, however, not to process the BHM -- the feeling being that the combination of the newspaper article and our inability to be specific about the sub-source and sub-sub-source makes such processing undesirable in terms of good Reports practices.

3. Nevertheless, we are forwarding this material for the purpose (a) of giving you an insight on what type of information the newspaper article was based, and (b) of keeping you abreast of the type of reporting the case officer periodically receives from CAMLET-1.

4. The problem of CAMLET-1 reporting in general and of the possibility of persuading CAMLET-1 to allow us access to sub-sources identification and accessibility will be discussed with BOB/Reports during our next visit in Berlin.

KLS.
